## ASTONISHING DIGITAL ART III

Digital art has opened up many doors for artists, both creatively and visually. Instead of brush and acrylic, artists can now paint with light, sound, and pixels. Instead of paper, artists could create art with digital imagery or computer-generated graphics. Mastering digital art first begins with understanding the wide array of technological tools available. Then, coupled with a fertile imagination, one can conceptualize and create outstanding characters, visual effects, art directions, storyboarding, still-imagery, mood, modelling and more.

All this has cemented digital arts in the creative content industry with the market value being worth over USD 40 billion. The rise of digital art and media has revamped many industries, namely the advertising, film-making, gaming, animation, visual effects and entertainment industry which have incorporated digital art into art installations, productions, and more.

In recent light, The One Academy has expanded to include digital and entertainment art design into its existing portfolio of world-class programs. This addition marks a milestone to recognize digital art as an artistic work and uses digital technology as an important contribution to the creative world of art.

Be it digital, visual, fine arts or more, at The One Academy, we believe in providing the best we have to offer to produce excellent students. This book comprises of some of the captivating works of our students as they let us see a glimpse of digital art through their creative eyes. Allow us this opportunity to showcase their art and achievements. Turn the page, and let the magic begin.

# THE VILLAGE OF MASAWA

(From left to right) 'Building Design and Regart', illustrated by Fay Bs and Jason

A mysterious travelling merchant who visits Masawa on random dates to sell treasures from the outside world.

The villager of Masawa comprises of citizens from three different hierarchies. The hierarchy then consists of royal servants at the highest rank, then to scholars in the middle and peasants at the lowest rank.

Masawa in evening lighting

(From left to right) 'Travelling Merchant, Masawa Scholar, Royal Maid and Peasant Children', illustrated by Fay Bs, Su Qing, Xin Ying and Andi

'Regart', illustrated by Fay Bs

Villager travelling shop that sits on the back of a giant bug. May even the small creature climbs its way around the shop to deliver parcels to their customers. illustrated by Xin Ying

Paughing in Masawa was done with a gigantic snail driven with a worm attached onto a fishing rod. illustrated by Su Qing

River-weed harvester that gathers yeeds while standing on its long bamboo-like legs. illustrated by Jason

Masawa's peasants provides food source for the entire kingdom. However, their ways for planting, harvesting and selling differs from human's method.

## ACKNOWLEDGEMENTS

The One Academy would like to extend a heartfelt thanks to our course director, lecturers, alumni and students. More specifically, we thank them for providing defining works and planting the seeds of passion that inspire the coming generations in this industry. This publication would not have happened without their contributions. Last but not least, we thank you, the reader, for sparing a few moments on this artbook.
